

# Grading Rubric

"Calculate" App

- 2 Has 2 EditTexts (or inputs)
- 2 Has 2 Buttons (or actions)
- 2 Has 2 TextViews (or outputs)
- 1 Compiles
- 1 Runs/Works

Additional remarks

**Additional: reverse string**

**There's a `String.reverse()` but always good to practice for interviews.**

**Base(80) + additional(5) = 85%**
